Check out the Online Gallery at <http://gallery.drycactus.com> !Enjoy hours of bridge-building fun with loads of levels to solve, ranging from simple light car bridges to multi-deck draw-bridges and jumps, just to name a few!Levels get increasingly challenging from the engineering aspect and restrictions are also imposed on the resources you can use to build your bridge.. Challenge friends and the rest of the Steam Workshop community to solve your puzzles and download more levels submitted by other players.. In the later levels, adjusting a bridge segment by a pixel could cause it to collapse.. Enjoy hours of physics-based puzzle solving in the Campaign and then jump in the Sandbox to create your own bridge designs and puzzles.. What would an awesome bridge-builder game be without an equally awesome Sandbox?Go wild and create the most complex bridge the world has ever seen, or just an absurd creation that pushes the mechanics of the game in a new direction, and if you're feeling like it publish your design online as a puzzle level on the Workshop for everyone to try and solve!Download hundreds of extra levels from the Workshop!We'll also be featuring the most original and fun bridge designs that are submitted, making it easier for you to find the ones that are worth the challenge.
